The Mead Family Foundation partners with local tax-exempt organizations that effectively address community needs. Its program priorities derive from the active involvement of family board members in their own communities. In general, the Foundation supports projects that enrich the lives of youth by strengthening families, preventing crises in children and youth, improving the academic education of children in grades K - 12, or promoting education in the arts. It seeks visionary leaders – staff and volunteers – who develop innovative projects producing significant results.

Ninety-four grants totaling \$1,037,000 were awarded in 2006. Foundation assets are approximately \$20 million. Most grants are in the \$5,000 - \$12,000 range and are made in the District of Columbia and Montgomery County, Maryland.
