"Empowering youth to have crisis-free lives,
strong families and excellent education"

2010 Annual Grants Report

Released: January 28th, 2011

The Mead Family Foundation is proud to report on its grants from 2010. Grants went primarily to organizations working in K-12 academic education, arts education, strengthening families and crisis prevention. Other funding areas include capacity building for emerging non-profits, programs supporting low-income women in developing countries, and grants to encourage partnership and collaboration in the non-profit community.

Through good economic cycles and bad, the Foundation has supported the leadership and programs of hundreds of area non-profits. This year has been no exception. The Foundation helped nonprofits meet on-going challenges by increasing its funding resources. By the end of 2010, the Foundation extended over \$700,000 dollars in grants to 50 non-profit organizations in the D.C. metro area, Maryland and Florida.

In 2011, the Mead Family Foundation has a renewed commitment to empowering youth to have crisis-free lives, strong families and excellent education.
